# Mayor's Message

---

Dear Reader,

May 28, 2013

On behalf of Cumberland Council, I am pleased to present Council's 2012 Annual Report.

In the first year of this Council's term, we celebrated a number of achievements and saw the municipality moving in a very positive direction. A new Village website was completed, providing a much improved method of communicating with the community. Construction for a new ground water source at Coal Creek Historic Park was begun and the water main lying under the west portion of Dunsmuir Avenue was replaced. The review of the official community plan was begun.

The Village continues to focus on replacing infrastructure and meeting the regulatory demands of senior governments, while putting aside funds to ensure the sustainability of our infrastructure. Plans for 2013 include reconstruction of the Steven's Lake dam, road reconstruction for a portion of Third Street, planning of a south sewer treatment and disposal project, implementation of curbside kitchen waste organics, transition to consumption-based water billing, a new play structure at Village Park, fundraising to purchase Maple Lake for parkland, land acquisition for a new fire hall, and a new *Welcome to Cumberland* sign.

Council thanks all the many volunteers who contribute in so many different ways to the community. Together we will determine the future of the Village as the Official Community Plan is reviewed and updated and we will ensure that Cumberland continues to be the jewel of the Comox Valley.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Leslie Baird". The signature is written in a cursive, flowing style.

Leslie Baird  
Mayor

## Corporate Services

Corporate Services oversees all internal and general government services for the organization including Council and committee administration, corporate administrative services, financial services, office equipment and systems, cemetery administration and assistance to departments for decentralized functions such as purchasing and human resources. Corporate Services consisted of five full-time employees under the direction of the Chief Administrative Officer.

## Public Works

Under the direction of the Manager of Operations, Public Works consists of a seven person crew that oversees water supply, treatment and distribution; sewer and storm water collection, treatment and disposal; road and streetscape maintenance; parks, cemeteries, equipment, fleet and facilities maintenance.

## Protective Services

In 2012, Protective Services was responsible for bylaw enforcement including animal control, fire protection and fire rescue services, community safety programs and emergency preparedness. Department staff includes the Manager of Protective Services, a part-time bylaw enforcement officer, and approximately 30 dedicated volunteer firefighters. Police services are supplied provincially by the Comox Valley RCMP detachment.

## Recreation Services

The Chief Administrative Officer oversaw Recreation Services which consists of two full-time and one part-time staff members as well as several casual employees to staff special events and facility rentals. Recreation Services was responsible for facility rentals; recreation facilities operations and the coordination of recreation programming. The new position of Parks and Outdoor Recreation Coordinator was created to assist with ecotourism and outdoor recreation.

## Planning and Development

Planning and Development oversaw land use management for the Village which included the preparation of planning and development related bylaws, policies and master plans; processing of development, property and business applications and coordination of building inspection services provided by a contractor. The Department also provided assistance to other departments in the drafting of various bylaws and coordination of other contracted services such as waste management collections. The Department consisted of one full-time and one part-time staff resource reporting to the Manager of Operations and the Chief Administrative Officer.

## Status of 2012 Objectives

---

The 2011 Annual Report outlined Council's goals and objectives for 2010 and 2011. The following summary outlines the status of those goals and objectives as at December 31, 2012. The priorities set out are in no particular order.

<b>STRATEGIC PRIORITY 1 – QUALITY INFRASTRUCTURE PLANNING AND DEVELOPMENT</b>		<b>Status</b>
	Establish an adequate and high quality source of water for the current and future residents of the Village	Ongoing
	Develop an environmentally sustainable method of treating the liquid waste that is produced by the Village	In Process
	Create a Road Reconstruction plan	In Process
	Develop a Facility replacement plan	Ongoing

<b>STRATEGIC PRIORITY 2 – COMPREHENSIVE COMMUNITY PLANNING</b>		<b>Status</b>
	Complete the review of the Official Community Plan and ensure alignment with the Regional Growth Strategy	In Process
	Examine all Solid Waste Management Options	In Process
	Develop and implement Greenhouse Gas Action Plan	In Process
	Implement Cumberland Community Forest Management Plan	In Process
	Create an industrial land development and promotion strategy	Not Started
	Review Development Standards to make them green, economically attractive and flexible	Not Started
	Review and Implement the Community Beautification Plan	Not Started
	Complete the Village Park Plan	Completed
	Review the potential for boundary expansion	Not Started
	Initiate a food security review	Not Started

## Status of 2012 Objectives

---

<b>STRATEGIC PRIORITY 3 – HIGHLY DEVELOPED INTERNAL AND EXTERNAL COMMUNICATIONS</b>		<b>Status</b>
	Establish a civic engagement process	Ongoing
	Update the Village website	Completed
	Review effectiveness of “Cumberland Now”	Completed

<b>STRATEGIC PRIORITY 4 – EFFECTIVE ADMINISTRATIVE, FINANCIAL AND SUPPORT SERVICES</b>		<b>Status</b>
	Review engineering services	Completed
	Acquire Maple Lake for future park	In Process
	Review Village Staffing levels	Completed
	Implement a Municipal Ticketing Information Bylaw and formalize the Bylaw enforcement position	Completed
	Review the Sister City program	Completed
	Review IT service delivery	Not Started
	Implement an ongoing policy and bylaw review of fees and charges	Ongoing

Council Members and senior managers participated in a strategic priorities workshop early in 2013. Council reviewed the priorities established for 2012 and made revisions to reflect regional activities and economic realities for the community. The following objectives were established to guide municipal activities over the next two years. The strategic priorities, as set out, are in no particular order. The completion of objectives provides a measure for the achievement of the goals identified.

Strategic Priority 1 – Quality Infrastructure Planning and Development	
	Establish an adequate and high quality source of water for the current and future residents of the Village
	Develop an environmentally sustainable method of treating the liquid waste that is produced by the Village
	Create a road and utility rehabilitation plan
	Develop a facility replacement and upgrade plan
	Develop a heritage conservation plan for Village-owned assets

Strategic Priority 2 – Comprehensive Community Planning	
	Complete the review of the Official Community Plan and ensure alignment with the Regional Growth Strategy
	Examine all solid waste management options
	Develop and implement greenhouse gas reduction action plan
	Develop ecotourism plan (mountain bike trails/ATV access/ORV)
	Develop an alternative transportation plan
	Create an industrial land development and promotion strategy
	Review development standards to make them green, economically attractive and flexible
	Review and implement the Community Beautification Plan
	Establish a stream stewardship plan – Perseverance Creek Coho
	Complete the Village Park Plan
	Develop a heritage management plan
	Develop a cemetery master plan

Strategic Priority 3 – Highly Developed Internal and External Communications	
	Ongoing civic engagement process

Strategic Priority 4 – Effective Administrative, Financial and Support Services	
	Acquire Maple Lake for future park
	Review information technology service delivery
	Implement an ongoing policy and bylaw review of fees and charges
	Implement a reserve fund policy
	Development effective emergency planning
	Review the firefighter compensation policy

# Permissive Tax Exemptions

2012

The following properties were granted a permissive property tax exemption by the Council for the 2012 taxation year. The amount shown is the property taxes that would have been imposed on the property in the previous year if it were not exempt for that year.

<b>Organization/ Occupier Of Municipal Property</b>	<b>Property Granted Exemption</b>	<b>2012 Property Tax Exemption*</b>
Cumberland United Church	Lot 1, Block 4, Plan 522, District Lot 21, Nelson Land District  <i>(Land surrounding church)</i>	\$ 265
Cumberland Community Church	Lot B, Plan 43397, District Lot 21, Nelson Land District  <i>(Land surrounding church)</i>	\$ 275
Historical Society (Museum) & Cumberland Chamber of Commerce	Lot 3, Block H, Plan 522E, District Lot 21, Nelson Land District, EXC NLY 76FT	\$ 1,978
Cumberland Old Age Pensioners	Lot B, Plan 29219, District Lot 21&24, Nelson Land District	\$ 4,824
<b>Total Permissive Tax Exemption</b>		<b>\$ 7,342</b>

\* These amounts do not include the amounts exempted relating to other agency collections such as the Regional District, Hospital District, Municipal Finance Authority, BC Assessment, library, and school and police taxes. The total tax exemption including these other agency collections was \$18,134.

# Strategic Community Investment Funds Plan and Progress Report

2012

In accordance with the terms of the Strategic Community Investment (SCI) Funds agreement, the following report outlines a plan that was developed for the intended uses and performance targets for the small community portion of the SCI funds. To date, the Village has received both the 2012 and the March 2013 grant funds.

The Provincial Government recognizes that small communities struggle to provide the basic municipal services at affordable tax rates due to their relatively small tax base and especially when that tax base is largely residential. The grant is fundamental to the Village of Cumberland in order to provide essential services.

## Strategic Community Investment Funds Received or Anticipated

Strategic Community Investment Funds	Use	Date	Amount
Small Community Grants	Local government services	March 2012	\$252,687
		June 2012	\$379,873
		March 2013	\$ 84,229
		June 2013	\$211,415
		June 2014	\$295,644

## Small Community Portion of the SCI Funds: Performance Targets and Progress

### Intended Use

The intended use of the small community portion of SCI funds is to supplement the tax base by apportioning the grant across all departments to provide local government services. (Please note that SCI funds do not fund water and sewer services.)

# Strategic Community Investment Funds Plan and Progress Report

2012

---

## Performance Targets

1. To recognize the need for affordable property taxes, especially for those on fixed and reduced incomes; to keep increases as reasonable as possible while continuing to provide basic municipal services; and to strive to offer a competitive rate to attract business and industry.

### **Progress made to first reporting period (by June 30, 2012)**

The 2011 municipal tax increase was 2.8%. Without the small community grant, the tax increase would have been 27%.

The 2012 tax increase was .63%. Without the small community grant, the tax increase would have been 25%.

### **Progress made to first reporting period (by June 30, 2013)**

The 2013 municipal tax increase was 2%. Without the small community grant, the tax increase would have been 25%.

2. To address aging infrastructure, understanding that deferral of infrastructure replacement and repairs is not sustainable.

### **Progress made to first reporting period (by June 30, 2012)**

Infrastructure and many maintenance projects were completed and the capital reserve was contributed to in 2012 to get ready for future large roads projects.

### **Progress made to first reporting period (by June 30, 2013)**

The 2013 approved financial plan includes a project to reconstruct Third Street between Penrith Avenue and Derwent Avenue. Dam upgrades and many maintenance projects will also take place in 2013. A land purchase for a new fire hall has also been approved for 2013.

To the Mayor and Council of the Corporation of the Village of Cumberland:

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian Public Sector Accounting Standards and ensuring that all information in the annual report is consistent with the statements. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Mayor and Council are composed entirely of individuals who are neither management nor employees of the Village. The Mayor and Council are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial information included in the annual report. The Mayor and Council fulfill these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Mayor and Council are also responsible for appointing the Village's external auditors.

MNP LLP, an independent firm of Chartered Accountants, is appointed by the Mayor and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically with, both the Council and management to discuss their audit findings.

March 25, 2013

---

Michelle Mason, CGA  
Corporate Financial Officer

To the Mayor and Council of the Corporation of the Village of Cumberland:

We have audited the accompanying consolidated financial statements of the Corporation of the Village of Cumberland, which comprise the consolidated statement of financial position as at December 31, 2012, the consolidated statements of operations and accumulated surplus, change in net financial assets (net debt), and cash flows and related schedules for the year then ended, and a summary of significant accounting policies and other explanatory notes.

*Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Corporation of the Village of Cumberland as at December 31, 2012 and its operations, change in net financial assets (net debt), and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

March 25, 2013

Courtenay, BC

*MNP* LLP  
Chartered Accountants

*Please see accompanying notes to the consolidated financial statements.*

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

The Corporation of the Village of Cumberland was incorporated in 1898 under the provisions of the *British Columbia Municipal Act*. Its principal activities are the provision of local government services to the residents of the Municipality.

**1. SIGNIFICANT ACCOUNTING POLICIES**

- a) It is the Municipality's policy to follow Canadian public sector accounting standards.
- b) In accordance with the recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants, the Municipality has implemented the consolidation of all funds. The consolidated financial statements reflect the removal of internal transactions and balances.

The Municipality follows the normal practice for local government accounting according to the principle of fund accounting. Funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

- c) Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, trusts and other deposits, debenture and long-term debt. Unless otherwise noted, it is management's opinion that the Municipality is not exposed to significant interest, currency or credit risk arising from these financial instruments.
- d) Tangible capital assets and other non-financial assets are accounted for as non-financial assets by the Municipality because they can be used to provide municipal services in future periods. These assets do not normally provide resources to discharge liabilities unless they are sold.
- e) Cash and cash equivalents include short-term deposits held with the Municipal Finance Authority in the Money Market Fund and are carried at cost, which approximates market value.
- f) Inventories are valued at the lower of cost and replacement value.
- g) Tax revenues are recognized in the year that they are levied. Government transfers are recognized as revenues in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made. Restricted grants are recognized when the related expenses are incurred and when collection is reasonably assured. Sewer and water fees are recognized when the commodity has been received by the customer. Other sales of services and other revenue from own sources are recognized when the service is provided or the amount is earned and when the amount can be estimated and collection is reasonably assured. Restricted revenues from collections of development cost charges are deferred and then recognized as revenue in the year that an expense, authorized by bylaw, is incurred.
- h) Expenses are recorded in the period in which the goods or services are acquired and a liability is incurred.
- i) The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenditures during the reporting period. Significant areas requiring the use of estimates include the ability to collect property taxes receivable and accounts receivable, obsolete or damaged inventory, amortization of tangible capital assets and post employment benefits.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

Actual results may vary from the estimates and adjustments, if any, will be reported and reflected in operations as they become known.

- j) The Municipality recognizes the expenses relating to employee benefits in the period in which the employees render the services in return for the benefits, including compensated employee absences that accumulate but do not vest. Absences due to employee illness are paid when an injury or illness occurs, but entitlement to such compensation arises as employees render service. Entitlement to compensated absence due to illness or injury is measured as the expected future utilization of this benefit.
- k) Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Buildings	25-40
Equipment and vehicles	5-15
Water and waste water plant and networks	
Underground networks	60-100
Plants and lift stations	50-100
Pumping stations and reservoirs	100
Other infrastructure	50-100
Transportation	
Road surfaces	15-25
Road base structure	75
Poles and luminaries	100
Parks and other	
Land improvements	10-40
Playing fields and trails	15-20
Parking lots	10-20

One half year of amortization is booked in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

Contributions of tangible capital assets are recorded as an asset at their fair value at the date of receipt and as revenue.

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases and the associated asset is recorded at the lower of the present value of future minimum lease payments or fair value.

- l) The Municipality capitalizes interest on interim financing for capital construction projects. In 2012 \$0 was capitalized (2011 - \$23,768).
- m) In February 2010, the Public Sector Accounting Board (PSAB) issued PS 3510 *Tax Revenue* to provide guidance on how to account for and report tax revenue in The Corporation of the Village of Cumberland financial statements. This section establishes recognition, measurement, presentation and disclosure requirements for tax revenue. PS 3510 is effective for fiscal years beginning on or after April 1, 2012. The Corporation of the Village of Cumberland has not yet determined the effect of the new section on its consolidated financial statements.
- n) In March 2011, the Public Sector Accounting Board replaced and revised existing section PS 3410 *Government Transfers* with a newly amended section PS 3410. Newly issued PS 3410

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

establishes standards on how to account for and report government transfers to individuals, organizations and other governments from both a transferring government and a recipient government perspective. This section permits a recipient government to recognize government transfers as revenue when the transfer is authorized by the transferring government, unless the transfer creates a liability for the recipient. A liability is created as a result of the recipient government not yet meeting eligibility criteria or the existence of stipulations in the transfer agreement. When a government transfer results in recognition of a liability, revenue is recognized by a recipient government as the liability is settled. A transferring government recognizes an expense when the transfer is authorized and the recipient has met all eligibility criteria.

Newly revised and issued PS 3410 may be applied prospectively or retroactively and is effective for fiscal years beginning on or after April 1, 2012; however, earlier adoption is encouraged. PS 3410 will be applied retroactively but The Corporation of the Village of Cumberland has not yet determined the effect of the newly issued section on its consolidated financial statements.

**2. ACCOUNTS RECEIVABLE**

Accounts receivable is comprised of the following:

	<u>2012</u>	<u>2011</u>
Due from federal government	\$225,634	\$215,492
Due from provincial government	700,065	528,851
Due from other government	105,294	130,661
Other receivables	388,710	151,972
	<u>\$1,419,703</u>	<u>\$1,026,976</u>

**3. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES**

Account payable is comprised of the following:

	<u>2012</u>	<u>2011</u>
Due to federal government	\$6,302	\$4,420
Due to provincial government	50,036	38,643
Due to other government	23,676	25,251
Salaries, wages and benefits payable	313,154	240,762
Other payables	376,500	180,815
	<u>\$769,668</u>	<u>\$489,891</u>

**4. TRUST AND OTHER DEPOSITS**

Trust and other deposits are securities and deposits held by the Municipality to ensure performance of requirements under contract or for approval of development or subdivision applications, or to safeguard against damages to facilities and infrastructure. The balance includes deposits collected for building, plumbing and development permits, subdivision and landscaping performance bonds, lien holdbacks and park and facility rentals.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

**5. BANK INDEBTEDNESS**

The Village has an available unsecured line of credit of \$750,000 from the First Line Credit Union bearing interest at prime. No balance was drawn on the line of credit as at December 31, 2012 (2011 – nil).

**6. DEFERRED REVENUE**

	Balance		Adjustments			Balance
	31-Dec-11	Collections	To DCC	Recognized	Interest	31-Dec-12
			Receivable	As Revenue	Income	
Deferred Revenue – DCC						
Storm Drainage	\$208,184	14,926	29,852		2,442	\$255,404

	2,266,245	2,150,985	602,860	(1,564,244)	27,731	3,483,577

**7. CONTINGENT LIABILITIES**

- a) The Municipality's loan agreements with the Comox Valley Regional District and the Municipal Finance Authority provide that if at any time the scheduled payments required are not sufficient to meet obligations in regards to borrowings, the resulting deficiency becomes a joint and several liability of the Municipality and the other member Municipalities.
- b) The Municipality is involved with a number of legal actions, the outcomes of which cannot be determined at this time. Management has determined that any potential liabilities arising from these outstanding claims are not significant.
- c) The Municipality is statutorily obligated to collect and transmit the tax levies of the following bodies:
  - i. Provincial Government – Schools;
  - ii. Provincial Government – Police;
  - iii. Comox Valley Regional District;
  - iv. Regional Hospital District of Comox Strathcona;
  - v. British Columbia Assessment Authority;
  - vi. Municipal Finance Authority; and
  - vii. Vancouver Island Regional Library.

Such levies are not included in the revenues of the Municipality.

- d) As at December 31, 2012, there were various assessment appeals pending with respect to properties. The outcome of those appeals may result in adjustments to property taxes receivable for the current and prior years. The Municipality makes a provision against property taxes receivable where the results of a specific appeal are reasonably determinable.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

- e) The Municipality is a Subscribed member of the Municipal Insurance Association of British Columbia (the "Exchange") as provided by Section 3.02 of the Insurance Act of the Province of British Columbia. The main purpose of the Exchange is to pool the risks of liability so as to lessen the impact upon any Subscriber. Under the Reciprocal Insurance Exchange Agreement the Municipality is assessed a premium and specific deductible for its claims based on population. The obligation of the Municipality with respect to the Exchange and/or contracts and obligations entered in to by the Exchange on behalf of its Subscribers in connection with the Exchange are in every case several, and not joint and several.

**8. LONG-TERM DEBT**

- a) The Municipality is party to several capital leases financed through the Municipal Finance Authority for the acquisition of vehicles and operating equipment. Lease terms are five years or less. The vehicles and equipment under capital leases have a carrying value of \$510,488 (2011 - \$590,557) and are recorded as non-financial assets in the statements.

The following is a schedule of future minimum lease payments under the capital leases with various expiry dates to 2017 together with the balance of the obligations under capital lease, which is included in the debenture and long-term debt as detailed in Schedule 2:

2013	\$120,034
2014	122,637
2015	74,504
2016	28,591
2017	<u>5,372</u>
Total minimum lease payments	351,138
Less: amount representing interest	<u>(10,716)</u>
Obligations under capital lease	<u><u>\$340,422</u></u>

- b) Principal payments on debenture and long-term debt over the next five years are as follows:

2013	\$89,092
2014	92,742
2015	96,542
2016	100,499
2017	104,619
Thereafter	<u>2,019,152</u>
	<u><u>\$2,502,647</u></u>

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

**9. DEPOSITS AND RESERVES – MUNICIPAL FINANCE AUTHORITY**

Under borrowing arrangements with the Municipal Finance Authority (MFA), the Village is required to lodge security by means of demand notes and interest-bearing cash deposits based on the amount of the borrowing. As the debt principal is retired, demand notes are released and the cash deposits are refunded and recorded as operating income in the period received.

As a condition of these borrowings, a portion of the debenture proceeds is withheld by the MFA as a debt reserve fund. These deposits, which are contingent in nature, are held by the MFA to act as security against the possibility of debt repayment default, and together with the demand notes are not recorded in the accounts. If the debt is repaid without default, the deposits are refunded to the Village. Details of the cash deposits and contingent demand notes are as follows:

	<u>2012</u>	<u>2011</u>
Cash deposits	\$31,903	\$30,968
Contingent demand notes	63,964	63,964
	<u>\$95,867</u>	<u>\$94,932</u>

**10. UNFUNDED LIABILITY**

**Employee Benefits**

Employees who retire qualify for a one time payout of up to 72 days of their accumulated unused sick leave bank after 10 years of service. The Village calculates the value of this liability for employees based on review of the total vested and non-vested accrued time to date. Probabilities of 10 – 90% are assigned based on years of service and length of time to retirement. At December 31, 2012, the value of sick leave for all vested employees is calculated at \$79,378 (2011 - \$52,025). The total estimated employee retirement benefit liability at December 31, 2012 is \$163,116 (2011 - \$136,689). An accrual is also made for severance, calculated as the potential benefit applicable to each employee as at December 31, 2012 multiplied by a probability factor for a total of \$36,601 (2011 - \$20,888). The total employee benefit accrual is \$199,718 (2011 - \$157,577). Employee retirement and severance benefit payments are being funded by accounting charge on sick time accrued during the year.

**11. PENSION LIABILITY**

The municipality and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trustee pension plan. The Board of trustees, representing Plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The pension plan is a multi-employer contributory pension plan. Basic pension benefits provided are defined. The Plan has about 176,000 active members and approximately 67,000 retired members. Active members include approximately 35,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the Plan and the adequacy of Plan funding. The most recent valuation as at December 31, 2009 indicated an unfunded liability of \$1.024 billion for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. The actuary does not attribute portions of the surplus to individual employers. The Corporation of the Village of Cumberland paid \$104,964 (2011 - \$104,464) for employer contributions while employees contributed \$89,523 (2011 - \$87,225) to the plan in fiscal 2012.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

**12. TRUST FUNDS**

The following assets are held in trust by the Village for cemetery care. Neither the assets nor related liability have been recorded in the financial statements.

	<u>2012</u>	<u>2011</u>
Cash and cash equivalents	\$43,414	\$41,880

**13. ANNUAL BUDGET**

Budget figures are based on the *Corporation of the Village of Cumberland 2012-2016 Financial Plan Bylaw No. 960, 2012* approved by Council in May of 2012 as amended. Figures are presented on the basis used for actual results and were adjusted as follows to comply with financial statement presentation:

Surplus per 2012 – 2016 Financial Plan	\$ -
Remove proceeds from borrowing	(30,350)
Remove principal payments on debt	202,415
Add back amortization	(729,340)
Remove capital acquisitions	2,069,745
Transfer to reserves	<u>155,510</u>
Surplus restated for financial statement purposes	<u>\$1,667,980</u>

**14. ENVIRONMENTAL REGULATIONS**

The Municipality makes every reasonable effort to comply with all environmental regulations that apply to its operations. These regulations may require future expenditures to meet applicable standards. Amounts required to meet these obligations will be charged to operations when incurred or set aside as future reserves when they can be reasonably estimated.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

**15. FEDERAL GAS TAX AGREEMENT FUNDS**

Gas Tax Agreement funding is provided by the Government of Canada. The use of the funding is established by a funding agreement between the local government and the Union of British Columbia Municipalities. Gas Tax Agreement funding may be used towards designated public transit, community energy, water, wastewater, solid waste and capacity building projects, as specified in the funding agreements.

The Municipality received the first contribution of Gas Tax Funding in 2005 and reports the balance in the Deferred Revenue until it is used to fund the specified projects outlined in the funding agreement.

Following is a schedule of Gas Tax receipts and disbursements received in 2012 with comparatives to 2011.

	<u>2012</u>	<u>2011</u>
Opening Balance of Unspent Funds	\$401,080	\$348,969
Add:		
Amounts received during the year	161,341	161,341
Interest earned	5,248	2,669
Less:		
Amount spent on projects	<u>(111,656)</u>	<u>(111,899)</u>
Closing balance of unspent funds	<u>\$456,013</u>	<u>\$401,080</u>

**16. SEGMENTED INFORMATION**

The Municipality is a diversified local government institution that provides a wide range of services to its citizens, including the provision of water, sewer, garbage disposal, recreation, parks, and cemetery services. The services and functions of the Municipality have been segregated or grouped based on factors such as delivery method, similarity in regulations, restrictions or cost recovery and the nature of the service as voluntary or essential services. Consideration has been given to comparability to other Municipal bodies.

The segments are categorized and described as follows:

**General Government**

This segment includes activities pertaining to the general administration and governance of the organization and those services that are provided on a centralized basis for all other segments and departments of the organization. Council, management, corporate and financial services are included as are other general costs which are not easily allocated to individual activity areas.

**Transportation Services**

This segment includes general road way maintenance and upgrade, street lighting, sidewalk and other general duties of the Public Works department. The Department is responsible to ensure transportation infrastructure is safe and well maintained.

**Protective Services**

This segment includes fire protection services, emergency preparedness, bylaw enforcement and animal control. The function's mandate is to ensure the safety of the lives and property of citizens and preserve peace and good order.

**The Corporation of the Village of Cumberland  
Notes to Consolidated Financial Statements  
Year Ended December 31, 2012**

**Environmental Health Services**

The Water and Waste segment consists of three distinct utilities: sewerage and drainage, water, and solid waste disposal. The department provides collection and treatment of sewage and storm water, treatment and delivery of drinking water and contracts garbage collection and recycling services. Ensuring environmental and public safety standards are the key concern for the functions within this segment.

**Public Health Services**

The Municipality owns and/or operates three cemeteries. Although some of the maintenance activities are similar to those provided in the Parks function, a larger portion of the cost and activity is specific to performing cemetery services. The function has been segregated due to the unique regulatory requirements and because these services would be delivered as a separate business function in the private sector. The administrative and maintenance services for this function are divided between two departments but costs for administration are not substantial nor easily attributed to this function and are, therefore, not reallocated from General Government.

**Environmental Planning and Development Services**

The Planning Department manages land use planning, building and development functions. The department is responsible for ensuring that these functions are planned and managed to address environmental and building regulations, heritage matters and community and public concerns.

**Recreation and Cultural Services**

This segment captures all activities relating to the health and well being of the citizens and community. The function includes recreational services such as a fitness centre and gym, facilities rentals and contributions to community and cultural events as well as provision and maintenance of parks and park facilities. The services in this category are not considered essential services but are important for economic and community development.

For each reported segment, revenues represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Property taxes, payments in lieu and the small community grant funds are apportioned based on budget with any variance in actual revenue being attributed back to General Government. All other revenues can be directly attributed to a particular segment. With the exception of some general fiscal services and centralized supply and services charged directly to the General Government function, all other costs are instigated for and charged directly to the specific segments when incurred.

**17. COMPARATIVE FIGURES**

Certain comparative figures have been reclassified to conform with current year presentation.
