EVERYONE is welcome Saturday April 16

Workshop Session 1  10:00 am - noon
Workshop Session 2  1:00 - 3:00 pm

Village of Cumberland Council Chambers
2675 Dunsmuir Avenue
Village of Cumberland
Heritage Management Plan

What’s a Heritage Management Plan?

• A Heritage Management Plan uses community input to create a vision and strategies for the conservation of a community’s heritage, over one, five and ten years
• The plan takes into account all of the features that a community thinks have heritage value - buildings, industrial sites, parks, cemeteries, landscapes, trails, community events ... and documents why they are important

What’s the heritage workshop about?

• The workshop will present themes and questions about heritage in Cumberland, for the public to respond to by writing, drawing, discussing and mapping what’s important to them
• We'll collect information about the places, stories, history and vision that anyone in the community thinks contribute to the heritage and character of Cumberland
• We'll discuss strategies and tools for the conservation of buildings and sites
• We want to hear from as many different people in the community as possible
• It’s a drop-in format, so stay for ten minutes or two hours
• Light refreshments will be available

How can I participate?

• Attend one of the heritage workshop sessions on Saturday April 16
• Complete the online questionnaire at cumberland.ca/heritage-management-plan between April 16 and May 31
• Starting April 16, find the questionnaire link on the Village of Cumberland website cumberland.ca
• Starting April 16, pick up a copy of the questionnaire from the Village Hall or public library
• Stay tuned for project updates, information about upcoming open houses, and other events
• Questions? Call 250 336-2291 or email planning@cumberland.ca

If you care about Cumberland, you’re ready to participate in the process
