CUMBERLAND | BEVAN | DUNSMUIR
Moving the Village Forward - 2016 / 2017

Bevan Road Open to Traffic

Bevan Road is once again open to two-way traffic. Sidewalks have been poured and crews are continuing to work with residents to resolve any remaining issues regarding access to driveways, garages and other structures. Paving the second layer of asphalt is tentatively scheduled for the week of July 10. Residents and motorists should expect delays during paving.

With Bevan Road re-opening, there should be less traffic through the residential neighbourhoods bordering Bevan. Thank you to those who contacted us with their concerns about the amount and speed of traffic on your residential roads. Local traffic only signs have been posted on Stockand Lane and Primrose Street. Wacor's primary concern is crew, resident and motorist safety, and does its best to ensure motorists follow traffic control's instructions and the official detour routes.

Bevan Road

Bevan Road Sidewalk

What's Happening Now:

Cumberland Road

Bevan Road

- Work continues to finish resident driveways, access to garages and sheds.
- Paving the top layer scheduled for the week of July 10.*

*all dates tentative and subject to weather and progress

Cumberland Road Traffic Pattern Clarified

As a result of the contractor's need to work in a safe and efficient manner and to be consistent in approach, Cumberland Road is only accessible to those motorists requiring access to businesses and residences in the construction zone, defined as between Bevan and Union Roads.

Residents living outside of this boundary are requested to use the official detour route, highlighted in green on the accompanying map – Union Road, Royston Road and through the downtown core.

Access to the businesses/residences in the construction zone will be maintained, so please advise traffic control each time and you will be allowed through. Frequent users of the construction zone are encouraged to get a dashboard pass, available from the Village office.

Using the detour route will help get the project done in a timely manner, and the Village thanks everyone for their cooperation.

How to stay in touch

This work may be disruptive at times and the project team is committed to reducing that as much as possible by sharing information regularly. Here's how you can keep in touch:

- These monthly bulletins will be sent out by mail, or email
- Check out the website: Cumberland.ca/villageupgrades
- Email questions/comments to villageupgrades@cumberland.ca (send us a note to receive your monthly bulletins by email)
- Follow us on social media:
 - [facebook.com/villageupgrades](https://www.facebook.com/villageupgrades)
 - twitter.com/villageupgrades

This monthly update is issued by the Village of Cumberland to keep the community informed of ongoing construction works anticipated in 2017.
