October 2018

Cumberland Water Smart Program Toilet Rebate Eligibility & Requirements

1. Applicants must be the registered owner of a legal dwelling unit of a property in the Village of Cumberland that is connected to the municipal water system.
2. Rebates are a maximum of \$75 per toilet.
3. Property owners are eligible for one toilet rebate per installation address, and a maximum of two rebates per property owner – must be two different residential units.
4. New construction from October 2010 or later is not eligible. Since that time, the BC Building Code has required high efficiency toilets in new residential buildings.
5. You must have replaced an old inefficient toilet that uses 13 L or more per flush with a high-efficiency toilet, either a 4.8L/flush or dual flush (usually 3 and 6 L/flush and is CSA approved. Single flush 6L toilets do not qualify.
6. **Your application must include:**
 - proof of proper disposal of your old toilet at the Comox Valley Waste Management Centre (CVWMC) on Bevan Road through **an original stamp** on your application from the scale booth staff. Toilet rebate application are available at the booth.

AND

 - the sales receipt for the high-efficiency toilet dated October 1, 2018 or later, and indication of the high-efficiency model name and number either on the receipt or through product documentation
 - If a plumber purchases and installs your new high-efficiency toilet, you can attach a copy of plumber's receipt or invoice indicating the plumber's name, company info, signature and trades qualification (TQ) number, service address, toilet model information (name and number), and confirmation of disposal at CVWMC
7. Applications will be processed on a first come, first served basis while funding lasts or until December 31, 2019.
8. The Village will review applications to verify eligibility and if you qualify, you will be mailed a rebate cheque to registered owners only. The submission of an application does not guarantee a rebate. Failure to include the required information may cause delay in processing your application and could lead to the application being denied.
