

Watermain Shut-Off Notice

Please note Graf Concrete and Iron will be conducting a new watermain tie in for the Manufactured Home Park located at 3025 Royston Ave, named 'The Flats of Cumberland'.

Residents and businesses in the area are being notified of a watermain shutdown on Royston Ave. The shut down includes all areas east of Ulverston Road, including Union Road Residents. The watermain will be shut down at 8am Sept 21,2022 and the duration of the shut-down will be approximately six (6) hours. A portion of Royston Road will be closed to complete the work and will only allow alternating traffic. Flags crews will be onsite to direct traffic during the shut down.

If you have any questions, you can contact the Contractor, Engineer on record or Village staff... their contact information is listed below:
