# PLUMBING PERMIT CHECKLIST

2673 Dunsmuir Avenue  
Cumberland, BC V0R 1S0  
Telephone: 250-336-2291  
Email: info@cumberland.ca

Please be advised that these are the requirements for a Plumbing Permit for a Standard Building as defined by the BC Building Code. For Plumbing for Complex Buildings please contact the Building Inspector the application requirements that applies to your project.

## 1. Permit Application

In order to process the application as expeditiously as possible ALL the information will be provided. The application will not be considered complete until all information is provided and all fees are paid.

- a) Legal description and Civic address of property affected
- b) Complete Owner's information. Agency from the Owner is required where another person (like the plumber) will act as the representative of the Owner. A form is available upon request.
- c) Plumber's name and contact information, and company he/she represents, including his/her Trades Qualification Number and business license information
- d) Type of works being carried out, plumbing in a standard or complex building?
- e) Types and numbers of fixtures, includes connection to existing municipal water, sanitary and storm sewer systems.

## 2. Schematics

- a) For Permits not taken out by a TQ-certified Plumber, one set of schematic drawings at a suitable scale of design and including the information set out in the BCBC shall be provided to the Building Inspector at the time of first inspection.
- b) Any other information required by the Building Official or the BCBC to establish substantial compliance with this Bylaw, the BCBC and other Bylaws and enactments relating to the building or structure.

### NOTES:

- 1. Connection Fees** for new water, sanitary and storm sewer connections may be required. The application form is available from the Village and the applicable fees must be paid prior to issue of the Plumbing Permit.
- 2. Existing Connections:** Village Public Works staff or the Building Inspector must inspect and approve service connections prior to municipal tie-in.
- 3. Inspections:** All fees must be paid and the Permit issued prior to any inspections being requested. To ensure that your request for inspection can be accommodated, at least 48 hours notice is recommended.

### Required Plumbing Permit Inspections:

- 1. Under slab**
- 2. Rock Pits**
- 3. Service Connection**
- 4. Rough-in**
- 5. Final**
