

Comox Valley Regional MRDT

CUMBERLAND COUNCIL

Dear Mayor & Council,

[Experience Comox Valley](#) is proposing that the [Municipal and Regional District Tax \(MRDT\)](#), which is currently collected within the City of Courtenay, be expanded to include the municipalities and communities of the CVRD's regional tourism service. Increasing the MRDT tax from 2% to 3% will further allow for strategic implementation of the new [10-Year Tourism Strategy](#).

Tanya Massa and Calum Matthews will present the 5-Year Regional MRDT Strategic Business Plan to Cumberland Council on **Monday, February 9, 2026** and be available to answer any questions. The presentation will include an update of the process, Online Accommodation Platform (OAP) revenue options, and next steps for submission of application to the Province.

For more information on the MRDT program, please see this [MRDT info sheet](#) and this [MRDT presentation](#).

Sincerely,

Tanya Massa
